Geodesis Tuberose Home Fragrance Spray

The packaging for French home fragrancing brand Geodesis is absolutely beautiful. Clean, stylish and interesting at the same time. I'm currently spritzing Tuberose everywhere because it's such a pretty, sparkling scent that is light and bright. Actually, it's definitely for those who like their fragrances on the sweet side of the floral spectrum, although there are scents that cater for all tastes such as Mimosa, Fig Tree and Orange. It's £18.
